

C. Alan Holt, FCA
Associate

Catalyst -
Assurance.Taxation.Advisory

On October 1, 2010 Holt Rooney Chartered Accountants merged our practice with Catalyst LLP. Since then, I have had an opportunity to experience firsthand the Catalyst environment, its people and the broad array of expertise now available to our clients.

The Catalyst philosophy is to offer full in depth service to few clients rather than minimum service levels to many clients. Simply put, it is a boutique firm operating the way a boutique firm should with clients that are fully serviced.

The environment at Catalyst is comfortable, the people are professional in every sense and the clients are extremely well served. If that sounds like the kind of place you would be interested in for a succession arrangement or for an opportunity to offer your clients more, I would welcome the opportunity to share our story with you and to introduce you to the Catalyst opportunity.

Please feel free to give me a confidential call anytime on my direct line at (403) 767-1524.
